CRIM 121 Police Firearms I		Curriculum Map		
Program Outcomes				
Course SLO: Students will be able to				
demonstrate safe handling of weapons loaded or unloaded.				
demonstrate proper method of cleaning weapon.				
perform safety check on weapon.				
name and define seven fundamentals of shooting.				
demonstrate proper and safe shooting from 7-25 yards.				
demonstrate safe loading and unloading of weapons.				

CRIM 142 - EVOC		AS		CERTC		AAS		
		Curriculum Map						
		Program Outcomes						
Course SLO: Students will be able to		Identify and discuss the steps in the criminal justice process.						
successfully complete the 8 hour National Safety Council Defensive Driving Course on <u>the first day of this course</u> .								
demonstrate knowledge of laws and statutes that govern emergency vehicle <u>operations through use of scenarios</u> .			-	-				
demonstrate ability to understand the various roadway conditions and conflicts that can occur during emergency vehicle <u>responses</u> .			-	-				
demonstrate their ability to drive in non-emergency situations.			-					
utilize the shuffle steering method while driving an emergency vehicle. Discusses <u>methodology behind the method</u> .			-					
demonstrate the ability to drive an emergency vehicle in a high speed backing maneuver.			-					
demonstrate the ability to drive an emergency vehicle through various steering and judgment courses in a controlled environment			-					
demonstrate the ability to maintain/regain control of a vehicle that is in a slide/skid.			-					
demonstrate the ability to perform high speed tactical driving maneuvers.			-					

CRIM 149 Defensive Tactics	Program Outcomes	AS		CERTC		AAS	
		Curriculum Map					
Course SLO: Students will be able to	Identify and discuss the steps in the criminal justice process.						
identify PPCT Resistance/Control Continuums.		R					
understand legal issues of use of force.		R				RA	
demonstrate proper handcuffing techniques.		R					
demonstrate proper use of tactical baton.		R					
demonstrate defensive counterstrikes (palm heel, straight punch, knee strikes and kicks).		R					
show proficiency in a standardized skills test of the techniques taught in a practical exam.		R					
demonstrate understanding of techniques and use of force factors in a written exam.		R					

CRIM 150 Beginning Rappelling	Program Outcomes	AS		CERTC		AAS	
		Curriculum Map					
Course SLO: Students will be able to	Identify and discuss the steps in the criminal justice process.						
understand the history of rappelling.							
understand the purchase of rappelling ropes and their care.							
demonstrate the ability, knowledge and skill to tie knots from the “figure eight family of knots,” and the “ <u>bowline family of Knots</u> ”							
show understanding of rappelling terms, hardware and safety requirements.							
demonstrate the ability, knowledge and skill to attach themselves to a rope and rappel in a safe manner.							

Curriculum Map										
CRIM 151 Intermediate Rappelling		AS CERTC AAS								
		Program Outcomes	Identify and discuss the steps in the criminal justice process.	summarize how law enforcement, courts and corrections operate and interact.	apply substantive and procedural law to practical situations.	demonstrate ethics, integrity, teamwork and professionalism.	illustrate general principles of criminal liability	locate specific laws in the Kansas State Statute book.	complete a Kansas Standard Offense Report.	attend and complete Kansas Law Enforcement Training Center or appropriate Training Academy.
Course SLO: Students will be able to										
develop the ability, knowledge and skill to rig ropes to buildings, trees, stairs, air conditioners in order to effect a rescue.					-					
demonstrate the ability, knowledge and skill to ascend a rope using prussick lines as well as Jumar's.					-					
show the ability, knowledge and skill to rescue a climber by using the pick-off method.					-					
demonstrate the ability, knowledge and skill to rappel Australian as well as Spider down a wall.					-					
develop the ability, knowledge and skill to increase the height of the rappel from 10 to 40 feet.					-					

Curriculum Map									
CRIM 152 Advanced Rappelling		AS	CERTC						
		AAS							

CRIM 158 SWAT	Program Outcomes	AS			CERTC			AAS		
		Curriculum Map								
Course SLO: Students will be able to										
describe dynamics of a Specialized Tactical Unit within the law enforcement world.				IR	IR	IR				
understand liability concerns for an agency that utilizes a tactical unit.			IR	IR						
demonstrate techniques for a proper scouting report and operational plan.				IR				IR	R	R
compare tactical entry styles and the differences between them.				IR				IR		
explain the purpose of Sight and Sound Distractionary Devices (SSDD).				IR						
demonstrate team building with the group.				IR						

CRIM 165 Strategic Team Building	Program Outcomes	Curriculum Map						
		AS		CERTC			AAS	
Course SLO: Students will be able to								
demonstrate listening skills by following oral instructions.				- -				
demonstrate oral skills by communicating to other students.				- -				
demonstrate teamwork by working with members of the group to complete a task.				- -				
demonstrate interpersonal skills by working with the group and facilitators.				- -				
engaging and participating in group activities.				- -				

Curriculum Map										
CRIM 167 Leadership in Criminal Justice		AS CERTC AAS								
		Program Outcomes								
		Identify and discuss the steps in the criminal justice process.								
		summarize how law enforcement, courts and corrections operate and interact.								
		apply substantive and procedural law to practical situations.								
		demonstrate ethics, integrity, teamwork and professionalism.								
		illustrate general principles of criminal liability								
		locate specific laws in the Kansas State Statute book.								
		complete a Kansas Standard Offense Report.								
		demonstrate the proper way to do a traffic stop.								
		conduct search operations.								
		identify elements of a lawful arrest.								
		differentiate between reasonable suspicion, probable cause and beyond a reasonable doubt.								
		attend and complete Kansas Law Enforcement Training Center or appropriate Training Academy.								
Course SLO: Students will be able to										
discover leadership potentials within students.					IR					
develop teamwork and work with teams toward the goal accomplishment.					IR					
research and understand administrative theory and law in police work, juvenile justice and corrections.		R	R							
practice investigative skills through crime scene evaluation and methodologies.		R	R	R						

Curriculum Map										
Program Outcomes	AS			CERTC			AAS			
	Identify and discuss the steps in the criminal justice process.	summarize how law enforcement, courts and corrections operate and interact.	apply substantive and procedural law to practical situations.	demonstrate ethics, integrity, teamwork and professionalism.	illustrate general principles of criminal liability	locate specific laws in the Kansas State Statute book.	complete a Kansas Standard Offense Report.	demonstrate the proper way to do a traffic stop.	conduct search operations.	identify elements of a lawful arrest.
Course SLO: Students will be able to										
apply leadership skills within students.			R							
practice teamwork and work with teams toward the goal accomplishment.			R							
provide the opportunity to further research and understand administrative theory and law in police work, juvenile justice and corrections.	R	R	R							
develop investigative skills through crime scene evaluation and methodologies.	R	R	R							
										attend and complete Kansas Law Enforcement Training Center or appropriate Training Academy.

CRIM 213 Problems in Criminal Justice		AS							
		CERTC							
		AAS							
		Program Outcomes							
		Identify and discuss the steps in the criminal justice process. summarize how law enforcement, courts and corrections operate and interact. apply substantive and procedural law to practical situations. demonstrate ethics, integrity, teamwork and professionalism. illustrate general principles of criminal liability locate specific laws in the Kansas State Statute book. complete a Kansas Standard Offense Report. demonstrate the proper way to do a traffic stop. conduct search operations. identify elements of a lawful arrest. differentiate between reasonable suspicion, probable cause and beyond a reasonable doubt. attend and complete Kansas Law Enforcement Training Center or appropriate Training Academy.							
Course SLO: Students will be able to									
discuss weekly observations through journals.		RA	R	R	R				
summarize observations and knowledge through a written paper.		RA	RA	R	R				
organize a schedule with an agency to complete 145 hours of internship hours.		RA	R	R	R			R	

CRIM 219 Sex Crimes	Curriculum Map									
	AS					CERTC			AAS	
	Program Outcomes									
Course SLO: Students will be able to										
understand the historical background of sex offenses and forum for discussion about traditional attitudes concerning <u>such sex offense cases</u>										
analyze Kansas and case law pertaining to sex offenses and analyze the relationship of the law to case <u>investigation through prosecution</u>	IR	R				IR			IR	R
compare and contrast sexual assault and incest based on psychological, physical, and legal principles, as well as, the treatment theories for victims and <u>offenders</u>			IR		IR			IR		
evaluate sexual deviancy and its relationship to law enforcement and <u>the investigation of such crimes</u>			IR							
compare and contrast sexual motivated homicides, burglaries, vandalism and arson to increase the likelihood of recognition, apprehension and <u>prosecution of such offenders</u>			IR		IR			IR		
participate in structured opportunities as a team member to develop essential skills for a working professional in the criminal justice field				R						

CRIM 222 Firearms II	Curriculum Map							
	AS				CERTC		AAS	
	Program Outcomes		Competencies					
Course SLO: Students will be able to								
understand terminology associated with police handguns, ammunition and equipment.			R					
demonstrate an understanding of firearm safety, both at home and on the range.			R					
show proficiency in proper weapon handling and maintenance for the police handguns including loading, unloading and basic safety checks			R					
demonstrate proper use of the handgun in the classroom and on the range including sight alignment, sight picture, weapon grip, breath control, point shooting techniques and the standing, prone, sitting, kneeling, and barricade positions			R					
demonstrate skills in the proper cleaning and maintenance of the handgun ammunition and leather gear.			R					
develop mental concentration and discipline necessary to develop shooting proficiency and marksmanship while participating in a variety of police combat and competition shooting courses including actual competition with others.			R					

Curriculum Map											
CRIM 223 Firearms III		AS							CERTC		
		AAS									
		Curriculum Map									
		Program Outcomes									
		Identify and discuss the steps in the criminal justice process.									
		summarize how law enforcement, courts and corrections operate and interact.									
		apply substantive and procedural law to practical situations.									
		demonstrate ethics, integrity, teamwork and professionalism.									
		illustrate general principles of criminal liability									
		locate specific laws in the Kansas State Statute book.									
		complete a Kansas Standard Offense Report.									
		demonstrate the proper way to do a traffic stop.									
		conduct search operations.									
		identify elements of a lawful arrest.									
		differentiate between reasonable suspicion, probable cause and beyond a reasonable doubt.									
		attend and complete Kansas Law Enforcement Training Center or appropriate Training Academy.									
Course SLO: Students will be able to											
orally and in writing, discuss terminology associated with police handguns, shotguns, ammunition and equipment											
demonstrate firearm safety on the range.		R									
discuss firearms safety in the home.											
demonstrate and develop proficiency in proper weapon handling and maintenance for the police handguns and shotguns including loading, unloading and basic safety checks			R								
demonstrate decision making skills through a variety of police combat courses using both the semi-automatic and the police shotgun			R								
demonstrate proper malfunction techniques for both the semi-automatic and the police shotgun.			R								
discuss orally the use of force continuum and it's application to law enforcement decision making.		R							R		

Curriculum Map									
CRIM 250 Forensic Wounds I		AS CERTC AAS							
		Program Outcomes							
		Identify and discuss the steps in the criminal justice process.							
		summarize how law enforcement, courts and corrections operate and interact.							
		apply substantive and procedural law to practical situations.							
		demonstrate ethics, integrity, teamwork and professionalism.							
		illustrate general principles of criminal liability							
		locate specific laws in the Kansas State Statute book.							
		complete a Kansas Standard Offense Report.							
		demonstrate the proper way to do a traffic stop.							
		conduct search operations.							
		identify elements of a lawful arrest.							
		differentiate between reasonable suspicion, probable cause and beyond a reasonable doubt.							
		attend and complete Kansas Law Enforcement Training Center or appropriate Training Academy.							
Course SLO: Students will be able to									
provide the opportunity to the student to develop the ability, knowledge and skill to understand the importance of using mechanism of injury to visually reproduce simulated injuries.									
provide the opportunity to the student to develop the ability, knowledge and skill to use different techniques to visually reproduce simulated injuries.									

We either need to revise SLOs, remove the class from the program, or make it a non-credit class.

We need to establish SLOs for this class. It hasn't been taught in awhile but we want to add it the program in the future.
